NAMI National Member Services

NAMI (National Alliance on Mental Illness) is the nation's largest grassroots mental health organization dedicated to improving the lives of persons living with serious mental illness and their families. It is a national organization with NAMI groups in every state and in over 1100 local communities. The mission includes advocacy, research, support, and education. Education programs include Family-to-Family, NAMI's Provider Education Program, Peer-to-Peer, and other state and local programs offered by trained family and consumer teachers to help educate other families, consumers, and professionals. Support groups are offered through many of NAMI's affiliates for families and consumers. NAMI also advocates on the federal level.

Operation PAR COSA (Cornerstone of Successful Achievement)

COSA at The Child Development and Family Guidance Center provides services for substance abusing pregnant and parenting women with a history of substance abuse. The program utilizes a gender specific, multidisciplinary approach in a community-based setting. COSA's Day Treatment and Outpatient treatment integrates therapeutic child development interventions into its model based on evidence-based studies. The program works closely with substance abusing mothers and their young children to strengthen parent/child bonds by providing opportunities for parents to overcome their addiction, to acquire effective parenting skills, to understand the basic principals of child development and to participate in their child's daily scholastic activities. The primary goal of the program is to improve family functioning and provide family reunification services. COSA referrals are coordinated with the local health department, pediatricians, child protection teams, child protective services, probation and parole services and Operation PAR's treatment services.

PAR Village Developmental Center

PAR Village Developmental Center is a therapeutic preschool program that serves children whose mothers are in residential substance abuse treatment at PAR Village, children of clients at other treatment modalities and the children of Operation PAR graduates. The children are between birth and five years old. The goal of the PAR Village Developmental Center is to interrupt multi-generational chemical dependency and to decrease the developmental lag that exists between drug-exposed children and their peers. Children at the center receive developmental testing, speech therapy, physical therapy and occupational therapy. They also receive individual educational plans and referrals as needed.

Pinellas Juvenile Assessment Center (PJAC)

Pinellas Juvenile Assessment Center (PJAC) is a centralized processing facility for youths who are arrested by area law enforcement. The PJAC is considered a one-stop-shop for screening, accessing and processing youths who are involved with the juvenile justice system. There are five on-site partners: Family Resources, Inc. providing Children in Need of Services/Families in Need of Services CINS/FINS; the Pinellas County Sheriff's Office, Pinellas County Schools, the Department of Juvenile Justice and Operation PAR, Inc. Operation PAR is the managing partner of the PJAC. Prior to admission to PJAC, youths are provided an initial health screen, which includes the use of a breathalyzer, to determine if they are in need of detoxification, emergency medical care or mental health treatment. Operation PAR provides admission screening, detention screening and Juvenile TASC assessments. Youths, with criminal charges who are brought to the PJAC, are seen by a Detention Screener to determine juvenile justice involvement, mental health needs and substance abuse needs. Juveniles, who give their consent, are provided a psychosocial assessment. A urine drug screen is also provided to youths who give their consent to assist in the assessment and referral process and detect substance use. Parents are notified of the results of a positive urine drug screen and clinical recommendations based on the drug screen results. The PJAC computerized network system is capable of processing assessment information, tracking referrals, monitoring treatment and follow-up progress. This fully integrated service delivery approach is highly effective in determining the extent of the youths' problems and the most appropriate level of care needed.

St. Petersburg Homeless Street Outreach Program

Homeless Street Outreach services are provided in downtown St. Petersburg in partnership with the City of St. Petersburg Police Department. Operation PAR's Homeless Street Outreach Specialist and St. Petersburg Police Officers are members of the outreach team responsible for engaging and linking hard-to-reach homeless individuals with necessary services and shelter, helping to remove them from the streets. Operation PAR's Homeless Outreach Specialist is responsible for screening, assessing and assisting individuals that are living on the streets (and other places) and placing them into shelter. Of particular concern are newly homeless individuals who may not be aware of available services and lack the ability to access and move between the various resources located throughout the area.

2000 Fourth Street South, St. Petersburg, FL 33705.....(727) 893-1613

PRIDE (Prostitution Redirection Initiative-Diversion and Education Program)

Prostitution Redirection Initiative - Diversion and Education Program (PRIDE) is a Tampa Crossroads program provides community based prostitution treatment, intervention and diversion. Provides treatment and education to individuals who have been arrested form solicitation of prostitution or currently in the prostitution trade by helping them develop drug-free lifestyles, find and maintain appropriate employment, improve their skills in accomplishing life's tasks, and identify and correct errors in thinking which support criminal behavior. Includes psychoeducational group or individual counseling sessions and guest speakers to educate the clients on related issues. Referrals to PRIDE come from the courts, probation officers, police officers, friends, family members, clergy, and self referrals.

Recovery, Inc.

For people diagnosed with mood disorders including depression, dysthymia and bipolar (manic-depressive) disorders; psychotic disorders including schizophrenia; anxiety and obsessive-compulsive disorders; and personality disorders. Members also include people not diagnosed, but having difficulty dealing with the problems of everyday life. Practical coping techniques are learned through regular attendance at meetings, studying the Recovery literature, and daily practice. Not affiliated with any religion or belief system, and operated entirely by non-professionals. Recovery is not a 12-step program. Because of dual-diagnoses, some members attend both Recovery and a 12-step group. Recovery works in conjunction with professional mental health services. Meeting locations and times are listed below.

Religious Community Services (RCS)

Social service agency serving northern Pinellas County, including Clearwater, Largo, Dunedin, Palm Harbor and Safety Harbor. Includes the RCS Food Bank, Haven Domestic Violence Center and the RCS Thrift Store. Emergency and transitional housing for homeless families through Grace House and Stepping Stone. Operates with the backing of 80 Jewish and Christian congregations. The Domestic Violence Hotline 1-727-442-4128 is available 24 hours a day, 7 days a week and provides referrals to a variety of services such as: Domestic Violence Shelter Bed Availability, Counseling Services, Support Group Services, Emergency Food and Clothing, Legal Services, Stalking Information, and other available community resources. The Hotline services have the ability to link the caller with an agency/agencies that are best suited to his or her needs as well as other services that may be needed by the caller. Through a preliminary screening, the Hotline staff can assess the caller's needs then transfer the caller to the appropriate agency or immediately begin the process of an intake for our 30-day emergency shelter. The referrals and information are not limited to the shelters in our local area. Referrals and information about agencies throughout Pinellas County are given to callers.

Sun Coast Hospital Center for Behavioral Medicine

Short-term, crisis stabilization unit for patients with psychiatric and dual-diagnosis issues. Treatment focuses on the immediate problem through a series of educational, support and process group therapies. Discharge planning includes continuing individual or family therapy, referral to longer term treatment in a structured environment or referral to a partial or intensive out-patient setting is the goal for continuing care following stabilization. Accepts Medicare and Medicaid. Most insurance companies provide benefits. The interdisciplinary treatment team consists of licensed clinical social workers, licensed mental

health counselors, certified addiction professionals, case managers, psychiatrists, registered nurses and mental health technicians. 24-7

2025 Indian Rocks Rd S, Largo 33774 727-586-7118

Suncoast Center for Community Mental Health Inc.

Outpatient services for adults and children with severe and persistent mental illness requiring long-term outpatient psychiatric treatment with diagnosis of schizophrenia, bipolar disorder, or major depressive disorder, and co-occurring substance abuse disorders. Services enable clients to function at an optimal level in the community and reduce the risk of hospitalization. Case Managers help clients adjust to the community after long or recurrent hospitalizations. Specialized services are offered to homeless clients, and clients who are involved in the criminal justice system.

Website <http://www.psysolutions.com/facilities/windmoor/site/index.htm>

Windmoor Adult Therapeutic Program

Designed to address anxiety, depression, stress and other psychiatric disorders that create difficulties in their lives. Helps individuals develop better skills to help them cope more effectively. Signs and symptoms that an evaluation is needed include: depression, suicidal thoughts, hopelessness, sleeping or eating disorders, sexual trauma, family conflict, domestic violence, and social isolation. In addition to a traditional medical and clinical approach, Windmoor integrates the following: relaxation and stress reduction techniques; nutrition and food preparation groups; community awareness groups; movements therapy; and spiritual counseling. 24-7

Call 727-541-2646

Website <http://www.psysolutions.com/facilities/windmoor/site/index.htm>

Windmoor Crisis Stabilization Program

Designed for the individual who is in an acute state of crisis requiring rapid stabilization in a secure environment. Program includes group and family therapy, orientation group, discharge planning group, medication education group, recreational therapy, psychoeducational groups, and 12-step groups. Short term, highly structured environment for safe resolution of the following problems: uncontrollable behavior; suicidal or homicidal ideation or attempts; hallucinations; psychotic episodes; and acute sleep and eating disorders. Case management, individual, family, and group therapies are prescribed daily by the individual's physician. Also pharmacological therapies. Educational activities, intensive case management, aftercare planning, and an extensive network of outpatient services are available to help patients maintain stability once they return to the community. Our goal is to prevent further acute crisis.. 24-7

Call 727-541-2646

Website <http://www.psolutions.com/facilities/windmoor/site/index.htm>

Windmoor Dual Diagnosis Program

Highly structured program for treatment of depression, anxiety, and stress related disorders, when coupled with addiction issues. Patients who suffer from alcoholism or chemical dependency and may be in need of stabilization, can enter this program. Strong emphasis on avoiding addictive substances to treat our patients. Behavioral therapeutic approaches to treatment and positive reinforcement for the recovery process. Intensive group and family psychotherapy. 24-7

Call 727-541-2646

Website <http://www.psolutions.com/facilities/windmoor/site/index.htm>

Windmoor Elder Adult Program

Treatment of psychiatric disorders common in aging. Symptoms may include: major depression; anxiety and stress related disorders; aggressive behavior; hallucinations, and/or psychotic episodes; suicidal or homicidal ideation and/or attempts; recreational therapy; and medically related issues specific to this age group. Behavioral change is achieved through education and treatment. Family members and significant others are an integral part of care and included in all areas of treatment. Therapies include: activity therapy; group therapy; patient rights; nutrition groups; communication groups; self-care groups; medication groups; psychoeducational groups; and discharge and aftercare planning. After discharge, patients may choose from a wide variety of follow-up and outpatient services offered by the hospital.. 24-7

Call 727-541-2646

Website <http://www.psolutions.com/facilities/windmoor/site/index.htm>

Windmoor Outpatient Services

Intensive outpatient services provided by a multi-disciplinary team that individualizes assessments and treatments. Patients can be treated in this program while still under the care of their private physician. Signs and symptoms that an evaluation is needed include: memory loss; altered thoughts; paranoia; social isolation; poor impulse control; disorientation; combative behavior; suicidal thoughts; inability to concentrate; sleeping or eating disorders; depression, hopelessness and pessimism; and restlessness and/or hyperactivity. Group therapies include coping skills; grief and loss; mental health; anxiety; goals; co-dependency; self esteem; substance abuse; stress management; problem solving; medication education; communication; socialization/recreation activities; sleeping or eating disorders; and medication management by the psychiatrist. 24-7
